**Title**  
Coral Panel 2

**Date**  
2017

**Medium**  
Ghost net (reclaimed fishing net and rope), polypropylene

**Dimensions**  
Overall: 160 × 4300 × 1650 mm, 9600 g

**Name**  
Sculpture

**History**  
This Coral Panel 2 with net backing, has been created by stitching reclaimed fishing net, rope and twine. Reclaimed fishing nets (also known as ghost nets) are derelict fishing nets that drift aimlessly at sea indiscriminately fishing, killing turtles, other creatures and tangling boat propellers. Erub artists are recycling these nets, incorporating other flotsam and making products for enjoyment and use.
